

UNIVERSITY IMMERSION PROGRAM

DESCRIPTION

Through the University Immersion Program, international students may enroll in UCSB academic and/or professional development courses in a wide variety of disciplines. This program offers an excellent way to experience university life in the U.S. Students also have the opportunity to participate in a classroom environment with distinguished faculty and top-achieving students, and to gain knowledge necessary for success in the global workforce. The credits earned may be transferred to universities around the world or used to complement students' professional and academic goals.

SELECT COURSES FROM _____

ACADEMIC STUDY

PROFESSIONAL STUDY

INTERNATIONAL CERTIFICATES

DESCRIPTION

A Professional Certificate from UCSB's Division of Professional and Continuing Education signifies successful completion of in-depth study in a specific professional field. These professional certificates provide students with in-depth, practical, and career-focused skills, and give them the competitive edge in the global workplace. Taught by career professionals and experts in their fields, students will gain invaluable insights into US-American professional life and work culture.

CERTIFICATES OFFERED _____

EXECUTIVE EDUCATION

DESCRIPTION

Our trainers in the Executive/Corporate Education program are experts in their fields and have gained extensive experience in business and industry. They will help participants develop skills and build strategies to accelerate their career, sharpen their leadership skills, and transform the organizational impact executives have. Trainings come in various formats, as two-day intensive workshops, week long masterclasses, or customized programs, specific to the client's needs.
